

Position Description

Position Title	Team Leader Water & Wastewater Civil Maintenance (Jindabyne)
Department	Operations
Reports to	Supervisor Water & Wastewater Operations Jindabyne
Grade	7
Date reviewed	July 2020

Primary Purpose

Support the delivery of water and wastewater services and projects undertaken across the Snowy Monaro Regional Council's Local Government Area ensuring delivery of outputs in an efficient, effective and safe manner.

The Team Leader Water & Wastewater Civil Maintenance is responsible for Team Leader duties associated with Water and Wastewater Services including, but not limited to the direction and leading of team members in carrying out their duties and the planning and execution of specific projects.

The incumbent will contribute to Council's vision as "A Trusted Community Partner", promote the values which support this: Solutionary, Together, Accountable, Innovative, Caring, and use these to guide decisions, actions and conduct.

Key Accountabilities

- Direct and lead team members and/or contractors to carry out duties in accordance with Councils standards, Safe Work Practices, environmental and quality procedures
- Maintain the Water Supply Reticulation Systems and Wastewater Drainage Systems including rising mains, reservoirs and pumping stations throughout the Local Government Area in accordance with Council policies and procedures
- Be available for weekend and on-call rosters and be available to respond to emergency call-outs when required
- Contribute to the delivery of services and works as required for the Water & Wastewater Department
- Monitor own work performance and progress towards the delivery of work plan goals and report on progress to Supervisor
- Use resources efficiently, effectively and responsibly to complete tasks that either contribute to or directly deliver services

- Contribute to the performance of Council: demonstrate professional conduct, make the best use of knowledge, experience and skills and be accountable for own decisions and actions
- Contribute to a safe workplace: comply with legislative and organisational requirements and be accountable for own decisions and actions

The employee is required to undertake any other duties, projects or tasks as directed by the Supervisor Water and Wastewater Operations Jindabyne, which are within his/her skills, competence and training.
